BIENNIAL REPORT
OF
State Board of Land Commissioners
of Colorado

November 21, 1956.

His Excellency

HONORABLE EDWIN C. JOHNSON

Governor of the State of Colorado

Dear Sir:

In accordance with Section 112-3-2, Colorado Revised Statutes, 1953, we transmit herewith the report of the State Board of Land Commissioners for the biennial period ending June 30, 1956.

The report includes tables showing the status of land belonging to the various funds in the State, lands sold, acreage leased, and all money received.

The results of the administration of the State lands may best be summarized by noting that the total receipts of the department for the biennium increased by 39% over the previous period, and amounted to \$9,035,468. The major portion of these receipts represents the yield from the School lands and the School investments. School Income receipts were \$6,376,862. At the same time, the School Permanent Fund was increased to a balance of \$20,517,786 on June 30, 1956.

The Mineral Division maintained its position as the major source of revenue, the oil and gas rentals and royalties alone accounting for \$3,509,290, or over one-third of the receipts of the department. Leasing for uranium prospecting covered 164,500 acres in some 400 leases at the close of the period; however, this acreage represents a drop from a high of 290,000 acres and 700 leases in November, 1955, reflecting the trend of interest in this activity. There has been no production of uranium ores and no important discovery has been reported on State lands.

It has been the primary object of the Board to administer its trust so that the maximum revenue, consistent with proper use of the State lands, is obtained. All groups interested, either as users of the lands or as administrators of the revenues which the land has produced, have been kept informed of the measures which the Board from time to time adopts to carry out its objectives; all have been understanding, cooperative and helpful.

Respectfully submitted,

STATE BOARD OF LAND COMMISSIONERS.
